Fast and easy moving estimates can be done on the phone, in your home, or using our online ROOMROVER™ 2-way video survey program

The ROOMROVER™ is 2-way video recorded program that simplifies estimates and provides precise records for your next move. You are connected online with a Senior Move Specialist who will walk you through your home room by room. They will guide you through the process asking questions, offering suggestions and learning more about your current and future needs.

Just like an in-home visit, with the ROOMROVER 2-way video survey, you can discuss specific requirements for moving, storing, gifting and disposing of belongings and heirlooms.

Whichever estimating process you select, your senior move specialist will guide you through the downsizing, planning and moving process. Our goal is to make sure your transition into your new home goes as smoothly as possible. Contact us and schedule a free moving estimate.

Since 2007, Moves for Seniors has been dedicated to serving the moving needs of seniors nationwide. We coordinate every part of your move including packing, organizing, relocating heirlooms to family and taking away items you no longer want or need with simple and affordable pricing options.

ROOMROVER™ GIVES YOU A CLEAR VISION FOR A SMOOTH TRANSITION
