Moving Estimates Fast & Easy

On-phone, in-home, or online 2-way video survey

Moves for Seniors makes obtaining moving estimates fast and easy by offering three options to fit your needs. It can be done on the phone, in your home, or using our online ROOMROVER™ 2-way video survey program.

The ROOMROVER™ is a 2-way video recorded program that simplifies estimates and provides precise records for your next move. You are connected online with a Senior Move Specialist who will walk you through your home room by room asking questions, offering suggestions and learning more about your current and future needs.

Just like an in-home visit, with the ROOMROVER 2-way video survey, you can discuss specific requirements for moving, storing, gifting and disposing of belongings and heirlooms.

ROOMROVER™ GIVES EVERYONE A CLEAR VISION FOR A SMOOTH TRANSITION

Whichever estimating process you select, your Senior Move Specialist will guide you through the downsizing, planning and moving process. Our goal is to make sure your transition into your new home goes as smoothly as possible. Contact us and schedule a free moving estimate.
